

QUONOCHONTAUG CENTRAL BEACH FIRE DISTRICT
July 31, 2020

Dear QCBFD,

Greetings everyone. I want to make sure everyone saw the COVID-19 notice from our Governor delaying implementation of Phase 4 and limiting social gatherings from 25 back down to 15 due to a spike in the number of cases. All other guidance remains the same. Please remember to social distance and wear a mask when required. All kids playing softball should be six feet apart while they wait to play and bystanders for both the tennis and softball games should wear masks.

Unfortunately the limitations on social gathering have required us to change the format of our September 19th annual meeting from an in person meeting to a virtual meeting. The Board of Governors (BOG) is currently working on the details of the meeting and we will provide information as soon as possible. We will most likely use zoom and will hold a tutorial for those not familiar with the technology in advance of the meeting. While we don't have the final agenda nailed down we will try to send out any motions well in advance of the meeting. Our goal is to answer as many questions as possible in advance of the virtual meeting.

Since the next steps relating to our water system will be on the agenda, please re-read [this communication](#) from Vincent Reppucci , Chairperson of the Public Works Committee. Thank you Vinny for all the time and energy you have put into helping the community with our water quality.

I would like to thank all of our Quonnie volunteers and our beach and boat landing guards for their help.

Thanks, Sue
