Meeting Called to Order @9:02am

Fig Newton introduced as newest member and welcomed to the Committee

- 1. Motion to approve minutes from 8.4.18 PW meeting made, seconded and passed.**
- 2. Informational update regarding road sealing and generator repairs**
  - a. Don King was contacted Sept 21 about estimate for crack sealing. He did get in touch with GP but never finalized a day to come and see the roads. Frances Conroy of Sealcoating also contacted and he promised to schedule a look see. He never replied to f/u email. For now we will readdress in spring crack seal vs chip seal expected to be done next year. All agreed we need to be more aggressive on vendors. No action taken
  - b. Generator needs spark plug seal and valve cover gasket repair to be performed by maintenance company, ECI Power. 488 hours on generator. No action taken.
- 3. Informational update nitrate water level and water usage**
  - a. Levels at or below historical seasonal variations. Water usage from 2014 daily compiled by JF and presented. We are using less water 2017-18 than in 2014. Discussion about flat trend of nitrate levels. no action taken
- 4. Informational update water monitoring options to help with excess water usage and flow.**
  - a. Discussed maintenance (screen cleaning), placement and remote monitoring of flowmeters in home, in houses with pools, and on major water mains to assist in evaluating episodes of increased water flow i.e. leak localization. no action taken
- 5. Informational update exploration of prior drilled deep wells.**
  - a. Performed last month awaiting report. no action taken
- 6. Northeast Water services contract update**
  - a. Awaiting new contract. Discussed prior contract negotiations. no action taken

Meeting adjourned after motion made, seconded, and approved unanimously @ 10:35AM

Approved 4/27/2019 PW meeting
