

Police Liaison & Manager of Beach Security- 2020

With all of the challenges our community faced in this unprecedented Covid-year, I'm happy to say that we came together in a big way to keep Central Beach safe and secure. We introduced many new covid-related rules in conjunction with state guidelines that were readily and happily adapted by residents. Thank you for that.

The beach and pond were staffed again by our own QCB kids who really stepped it up and exceeded my expectations! Thank you. You are what makes it possible.

I'd like to thank the following for their hard work this summer- it didn't go unnoticed:

Emily McNee

Grace & Kevin Crowley

Ryan & Elizabeth Murphy

Erica & Kate Wessels

Claire & Amy Glendening

Molly Donovan

Will Berckemeyer

Leela Desphande

Jane Murphy

Eve & Sasha Devillers

Zibby Gibbons

Lyssy Hughes

Amanda Huntington

Lindsey Soss

Catherine Murphy

Sophia Long

Celia Chase

Finally I want to remind everyone that many, many years ago at an annual meeting we willingly adapted a community-wide rule to have no food or beverage (except water) on the beach. Please share this again with all of the people in your house including renters. It seems to be a source of question and confusion every summer. Many thanks.

Respectively Submitted,

Julie Henderson Low

Police Liaison & Manager of Beach Security
