

BEACH AND DUNES Report 2021

The beach and dune area was again a bright spot in yet another season clouded by Covid 19.

The beach was raked and groomed early every Friday morning beginning before Memorial Day and ending Labor Day. Seaweed, litter and untold flotsam and jetsam were removed each week.

Seasonal damage to the snow fence was repaired in the spring.

Planned benches for the boardwalk entrance have again been delayed by availability and lead time issues.

Thank you to all who have contributed to the efforts to keep this special asset special. It has been my pleasure to serve the community and I wish the best to Carrie and her committee.

Peter Rettig, Manager, Beach and Dunes
